There have been 9,238 books and magazines loaned during the year ending Dec. 31, 1922; 1996 of this number was from the juvenile department.

The library work would respond to greater service could the income be increased. Both juvenile and adult departments could use double the books in the library, including copies for the required school reading.

Ten books have been purchased; five were to replace books worn out.

The Current Events Club presented the Library Association with thirty-five volumes for the juvenile department which are being enjoyed very much. Friends have donated the Library Association with twenty-one volumes of adult and juvenile fiction.

The tables have been supplied with the leading periodicals as usual.

Forty-one dollars and seventy-two cents have been received from book fines and sale of cards. Twenty-three dollars and seventy-two cents of this has been used for needed supplies and other expenses. The balance of eighteen dollars has been turned over to the treasurer.

CHANNIE R. THRALL,  
Librarian.
